

Technical Rider for Reyneke

Performance Type:

Electronic Live Act (Original Tracks and Edits)

Equipment Requirements:

1. Power Supply:

- Two (2) independent power outlets, preferably with surge protection.

2. Table for Equipment:

- One (1) sturdy table, approximately 1 meter in height and 2 meters in length.

3. Audio Connection:

- Stereo cinch (RCA) input connection to the house sound system.

4. Optional:

- A laptop stand, if available.

Performance Setup:

- The act involves the use of MIDI controllers and a laptop to perform and manipulate original tracks and edits live.
- Adequate space on the table for setting up MIDI controllers and a laptop.
- The artist will bring all necessary cables and equipment for the MIDI controllers and laptop.
